DORAL B2GF FLASHLIGHT / PROMOTION #700727

Attached are Assignment Scroll Lists for the *July Doral B2GF Flashlight Promotion #700727*, which is scheduled to ship to retail **June 30th**. (I am resending this report - as I think I sent out June Doral B2G1F in error).

Identified high volume Mega Doral Package outlets are also included in the *Doral B2GF Flashlight* lists.

These lists represent chain and independent accounts in each Assignment signed up on VAP, and the designated number of Displays being shipped to each. Use this list as a tool to advise your accounts of promotion dates, and to ensure that displays are properly received and set up.

Sincerely,

Judy
